

FIRST PRINCIPLES · EVENT EVIDENCE CONTRACT

From “occupy, then detour” to “passage first”

01

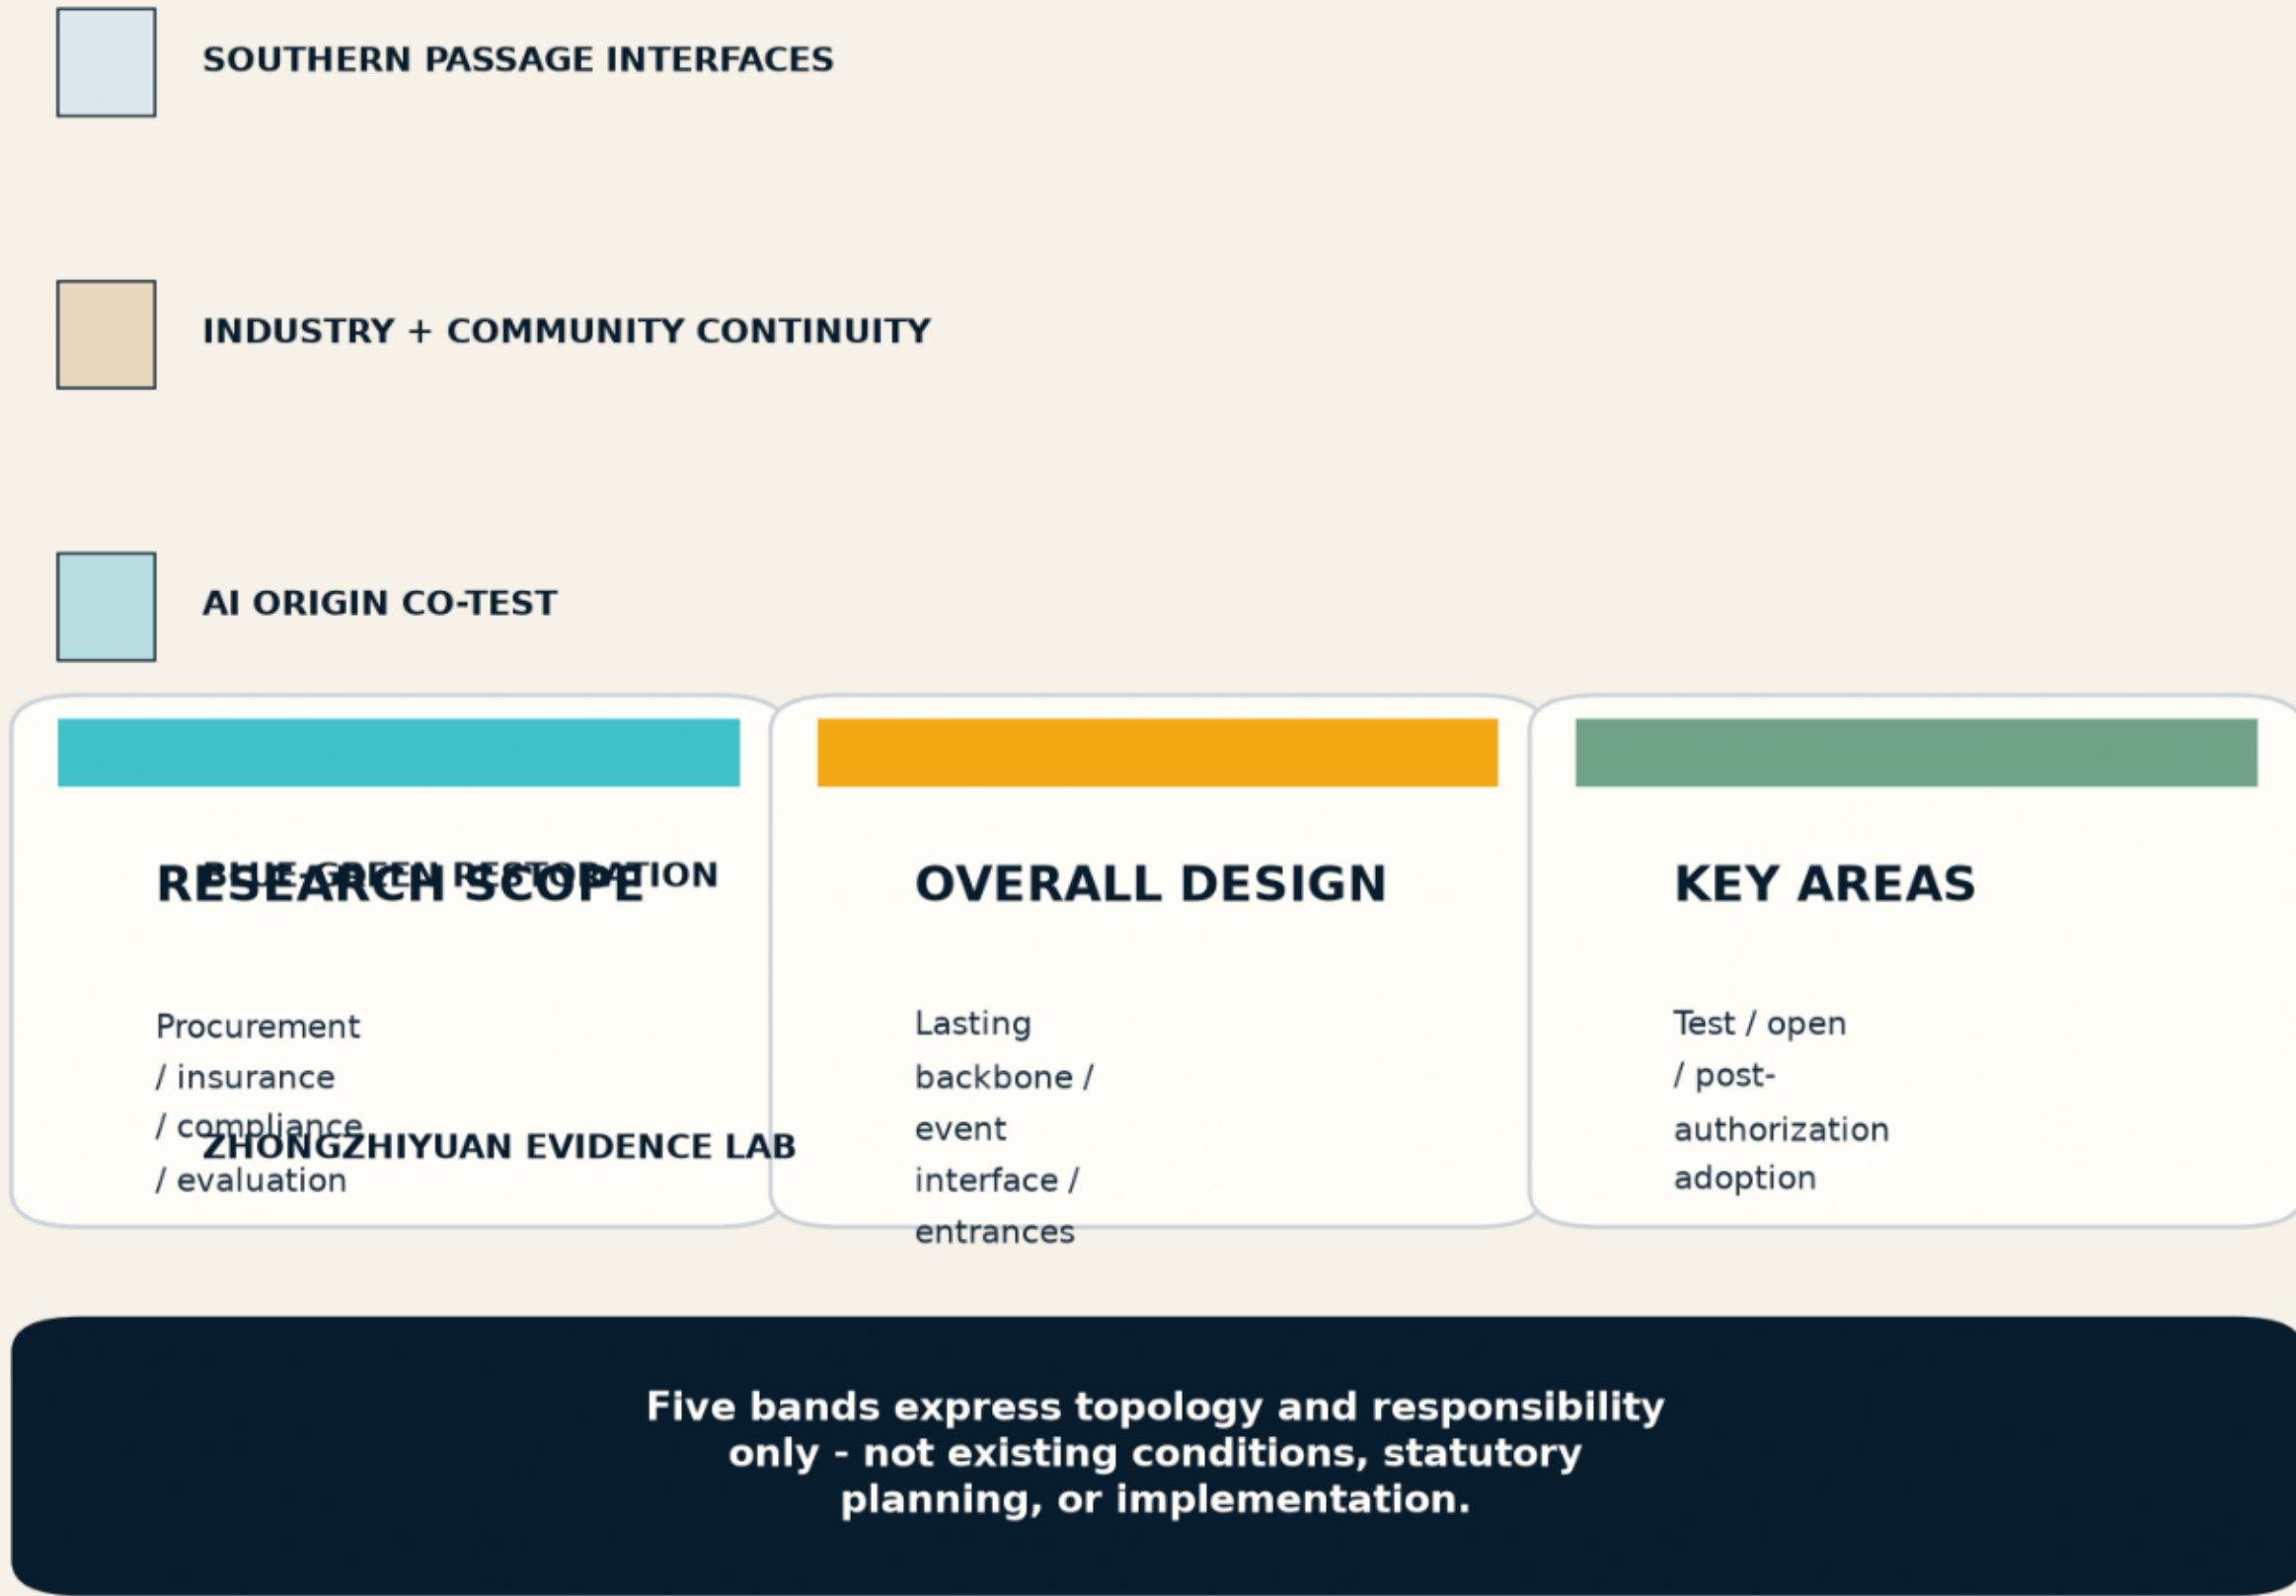

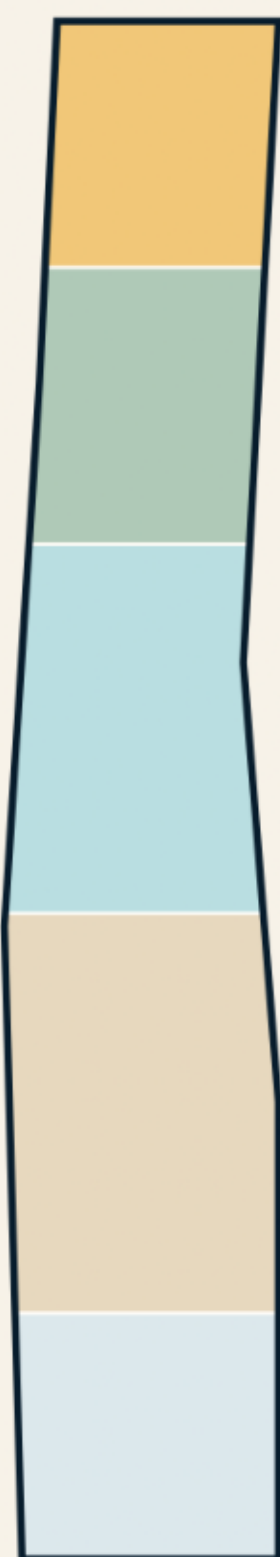

Three key areas share one contract - not a fabricated route

SPATIAL GOVERNANCE · NOT STATUTORY ZONING

One backbone · two passages · three handover gates

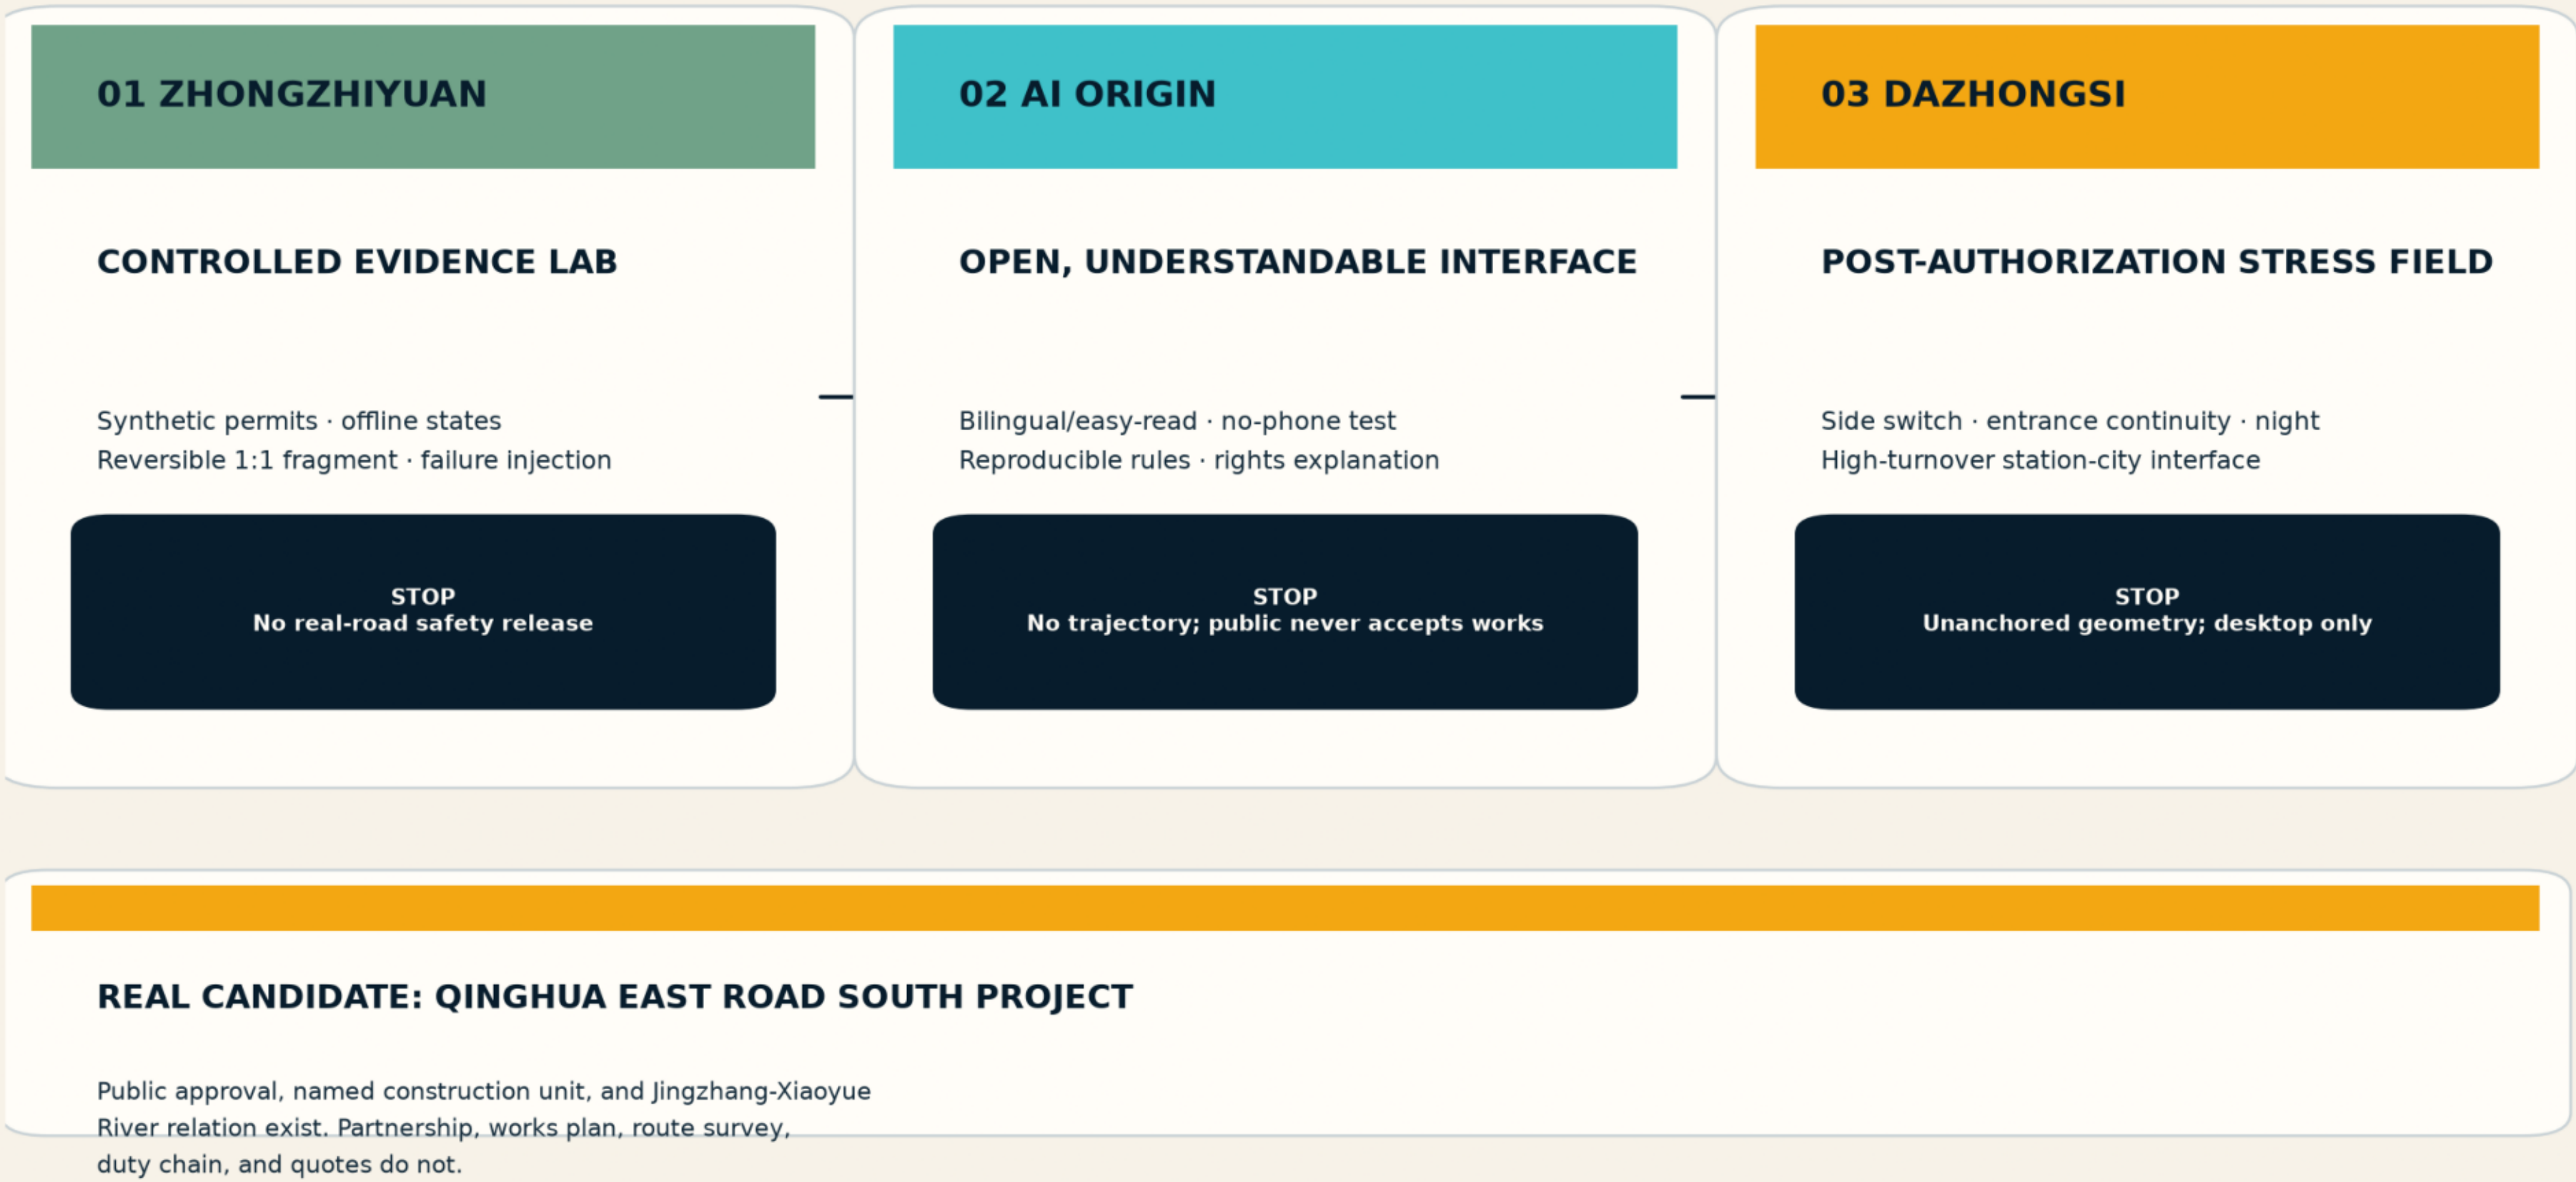

02

THREE KEY AREAS · DIFFERENT JOBS

Not three copies: one test-open-adopt evidence chain

03

PASSAGE BEFORE BARRIERS · CONCEPT EVIDENCE DESIGN, NOT ENGINEERING RELEASE

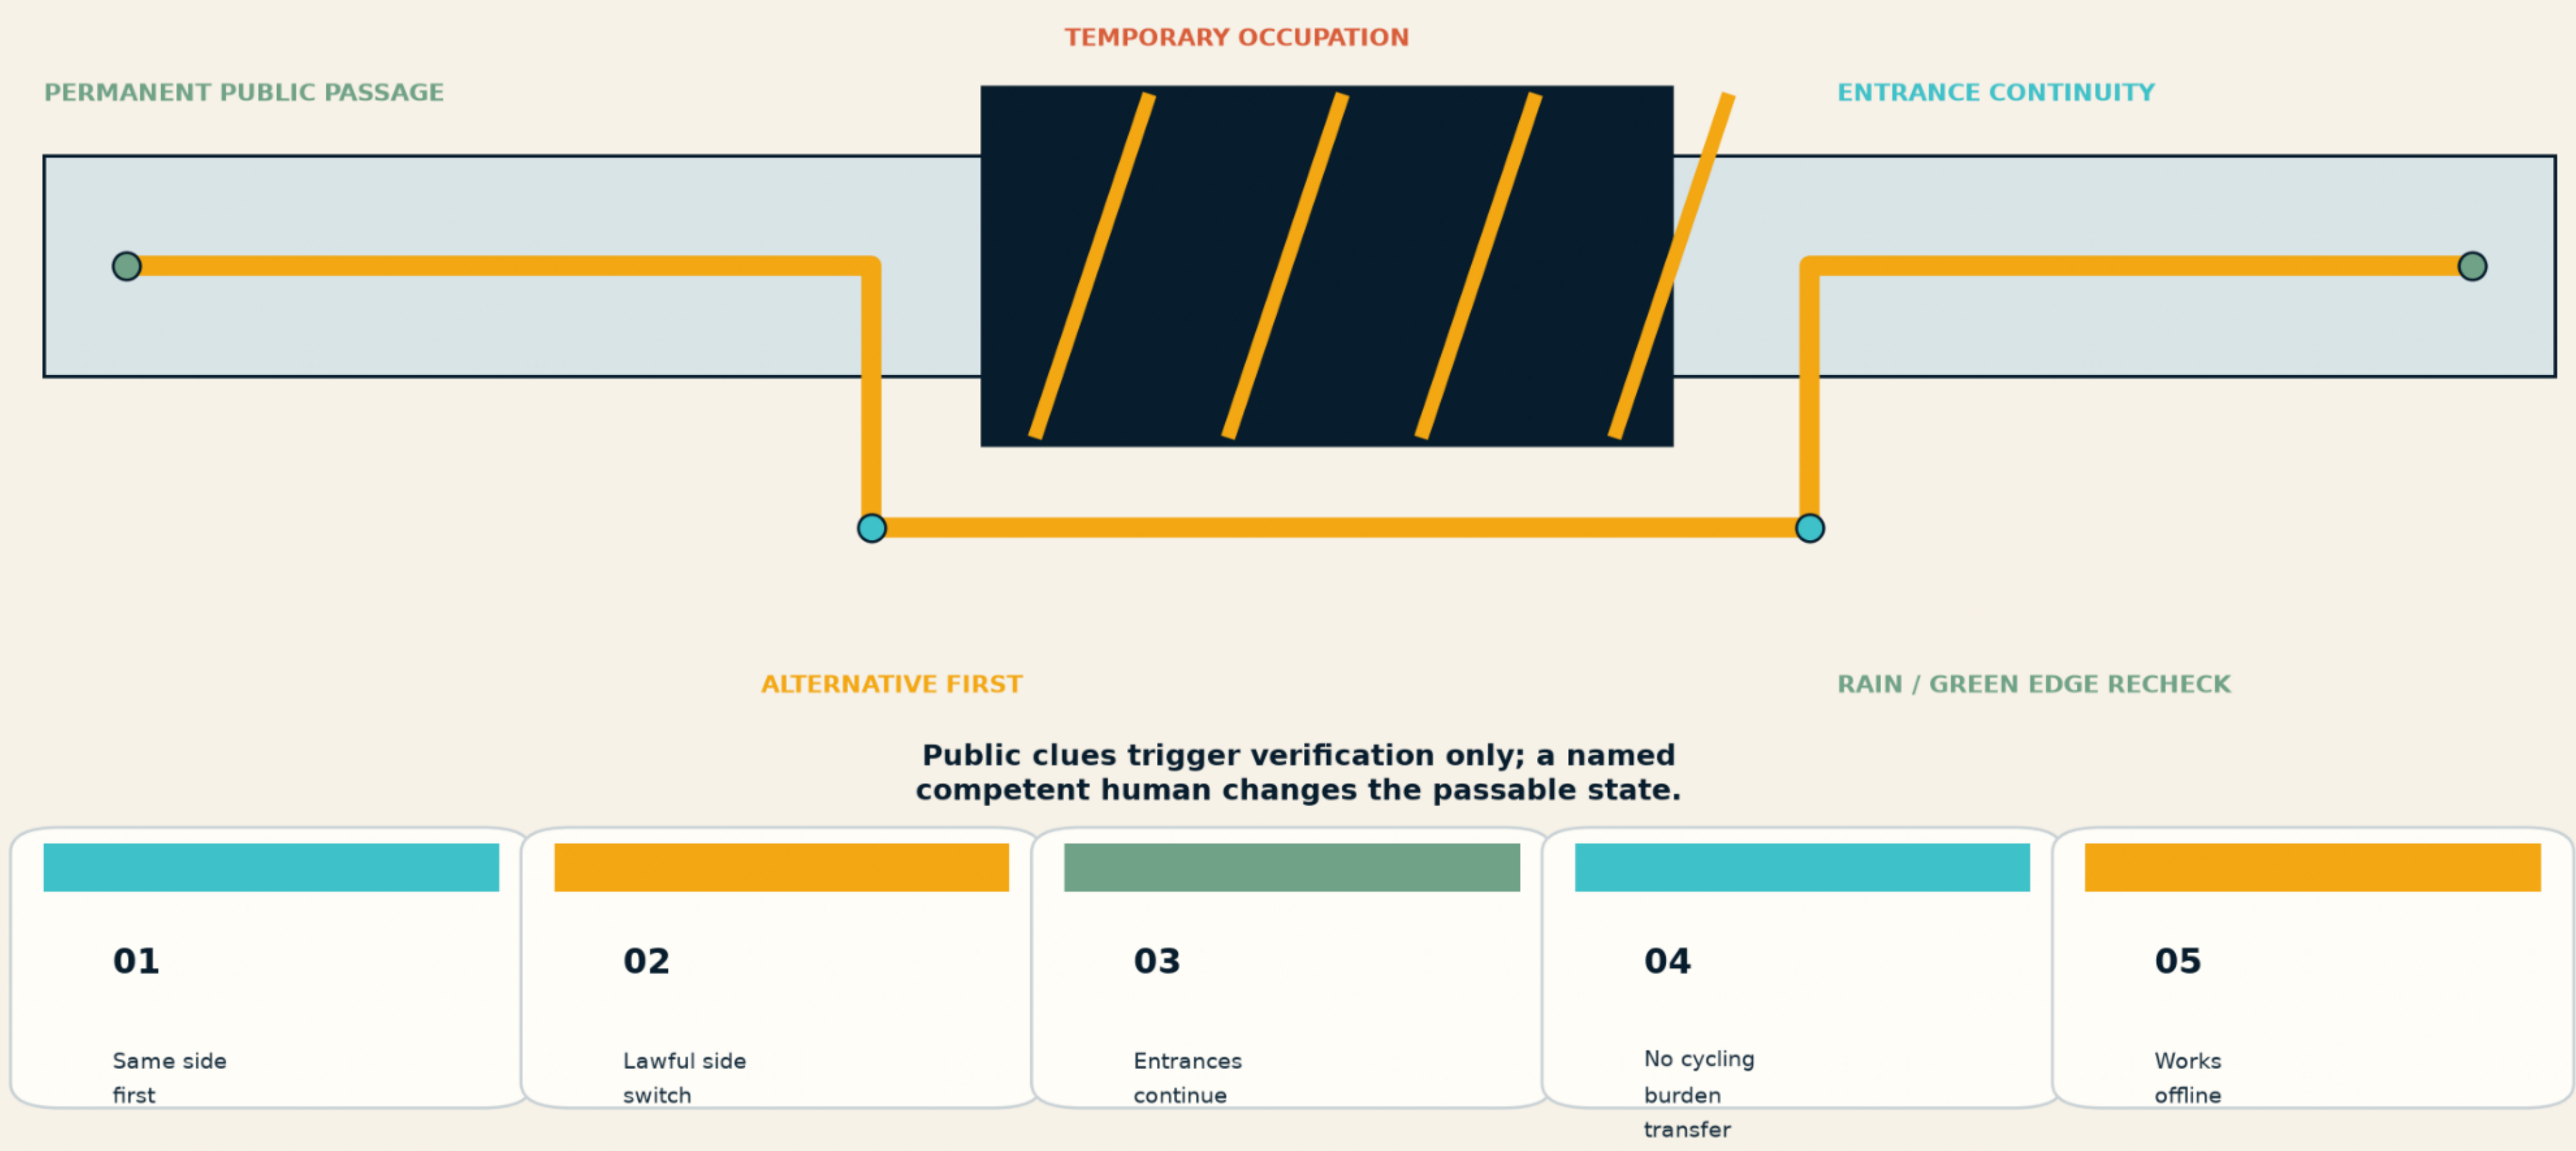

PROVISIONAL GEOMETRY · UNKNOWN ≠ ZERO

PHYSICAL FIRST · BLUE-GREEN SENSING · ENTRANCE CONTINUITY

A passage is a degradable field relation - not a line

04

METRICS · EVIDENCE · EXIT

What we measure determines whether the system stays honest

05
