

# 总体概念 · Overall Concept

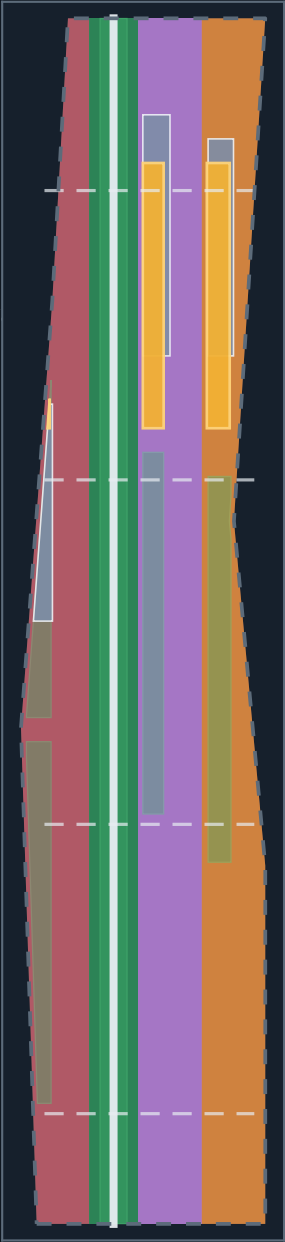

A3 booklet | THE SOUND LINE

The Sound Line translates the Jing-Zhang railway's acoustic heritage (whistles, telegraph, switchmen's whistles, single-line call signs) into an AI innovation, paused, and heard:

- One spine: Jing-Zhang heritage park sound spine park belt & greenway
- Three movements: Origin / Zhongzhi full-stack / Dazhongsi application
- Two wings: Zhongguancun service wing / Xiaoyuehe empowerment wing
- Call stations: every AI public node has a call button & human-review interface

4 AI pilgrimage landmarks: Whistle Tower Zero / Telegraph Hall / Listening Plaza / Sound Archive

Overall design area (provisional)

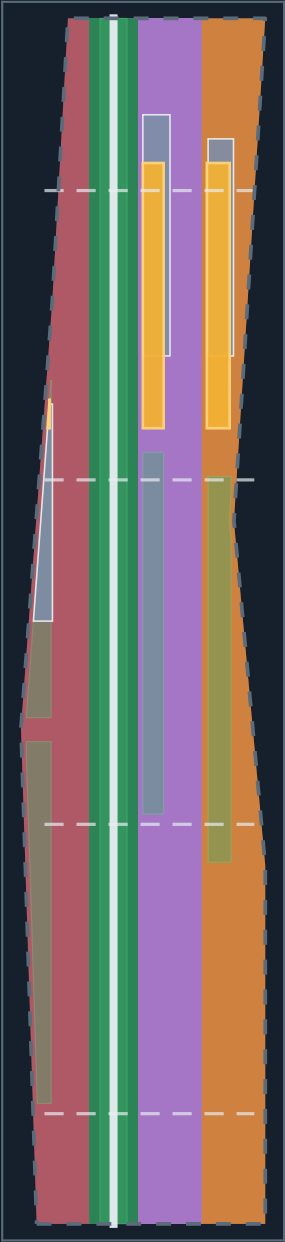

# 空间与用地 · Spatial & Land Use

A3 booklet | THE SOUND LINE

Land use (4 zones fully tile  $\approx 11.41\text{ km}^2$ , no gaps/overlaps):  
0802 Sound R&D / 1401 Spine open / 05 Industry / 0702 Community

One spine: Jing-Zhang heritage park sound spine park belt & greenway  
Three movements: Origin / Zhongzhi full-stack / Dazhongsi application  
Two wings: Zhongguancun service wing / Xiaoyuehe empowerment wing  
Call stations: every AI public node has a call button & human-review interface

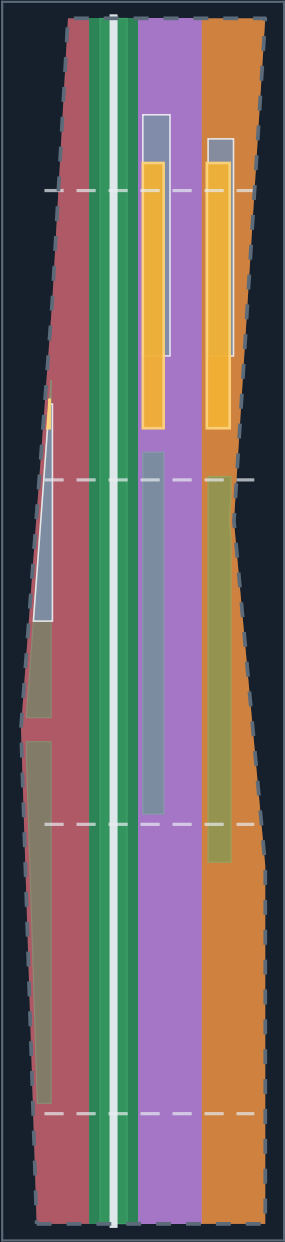

# 指标与分期 • Metrics & Phasing

A3 booklet | THE SOUND LINE

Core metrics (EPSG:4548 recompute):  
site  $\approx 11.41\text{M m}^2$  • green ratio 0.231 • public-space ratio 0.045  
concept building  $\approx 0.64\text{M m}^2$  • slow corridor  $\approx 14.29\text{ km}$

Phasing:  
Phase 1 • Origin & Sound Spine demo (start • audibility)  
Phase 2 • Zhongzhi full-stack & industry (validate • iterate)  
Phase 3 • Dazhongsi & Xiaoyuehe wings (co-create • operate)

# 场景与运营 • Scenarios & Operation

A3 booklet | THE SOUND LINE

12 AI scenario cards (incl. 3 industrial test/validation) + 5 personas + 4 AI pilgrimage landmarks

Test/validation: audio-model safety / voice accessibility / sound-data audit

All six agent tasks covered: concept/logo / full-stack ecosystem & cases / scenarios & personas / public space & landmarks / cultural narrative / long-te
